REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:
2. The examiner considered the Decision on Appeal rendered March 31, 2008 and after updated search, no other prior art of record has taught that which was presented in the claims.
3. Therefore, claims 10-17 are allowable.
 - the Board sustained the rejection of claims 1-9 and 18-20, and were thereafter agreed to be canceled by Jennifer Fisher, speaking for Kevin Daffer
4. Independent claim 10 when considered as a whole, is allowable over the prior art of record (Nason and Fowler). Nason teaches implementing two different APIs, one independent of OS and one dependent on OS, to generate images (see column 5, lines 18-22 and lines 45-63), and a reading and rewriting of screen display information, where the primary GUI information is maintained by replacing the primary GUI with a secondary GUI (see column 25, lines 27-40). Nason also teaches the use of Java. Nason is supplemented by Fowler who further teaches the specifics of Java's interfaces AWT and Swing, where AWT uses heavyweight components (components that associate with native screen resources, and thus are dependent on the operating system), and where Swing uses lightweight components (components that borrow from screen resources of an ancestor, and thus are independent of the operating system) (see page 2, paragraphs 1 and 3). Fowler further teaches, on page 7, the components having the same look and feel. However, specifically the prior art of record fails to clearly teach or support the limitations of *replacing the interface with a second interface*,

re-running the application program, and re-displaying a second image upon the display that has substantially the same look and feel as the first image, as stated by the Board of Paten Appeals and Interfereces, in the decision mailed 3-31-2008

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
